NEW OPTION

Online Auction

We specialize in web design and creating custom tools for car dealers. With our solutions you are able to promote your company via the web and manage many aspects of your business through your own control panel.

We have just created a new option called "Online Auction Link" which allow exporters to receive more inquiries from buyers in overseas. It is a very simple but handy tools to have. All you have to do is attach a link onto your site. It covers 86 Japanese auction houses from only one link. Buyers in overseas are able to select cars and send inquiry to the exporter. Expected FOB price also helps buyers to purchase more cars at right price. see more details... <http://cardealertools.net/online-auction-link/>

Japanese Car Exporters

At the moment our tools are mostly configured for car exporters based in Japan who export their cars to other parts of the world.
